EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information: <http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

Regular updates will be posted as they are available.

So you polluted a river with heavy metals, what a bunch of bureaucratic fucking ASS HOLES. You and your useless fucking so called leader in Washington and I refuse to call him a president because he is actually a fucking traitorous foreign cock sucker, and you fuckers call yourselves climate saviors. Go fuck yourselves.

Thanks for nothing,
